

Non-Hazardous Chemicals Safe to Dispose Down the Drain

123

2-[4-(2-hydroxyethyl)piperazin-1-yl]ethanesulfonic acid

A

allura red AC^{alpha}
tocopherol acetate
ampicillin sodium
aprotinin
aureomycin

B

bacitracin
benzyl benzoate

C

carbopol
cefotaxime
chloroquine

D

deoxyribonuclease 1
deuterium oxide
dextrose solution
dihydroxyfumaric acid
hydrate
di-potassium hydrogen orthophosphate 3-hydrate

E

erada-stain
ethoxyethoxy ethanol
ethylene glycol

F

fungizone

G

gluconic acid lactone
glycerol
glycerol polyglycidyl ether
griseofulvin

S

sodium chloride solution
soybean oil
squalane
streptolysin O

H

hyaluronidase

L

lanolin
liquid paraffin

T

tetramethylene sulfone
tocopherol
triacetin
triethylene glycol

M

maltose hydrate
mannide mono oleate
methyl green

N

N-nitro-L-arginine

O

oleic acid

P

pegylated interferon
peroxidase
poly(ethylene glycol)
diglycidyl ether
poly-lysine
propylene carbonate
protease peptone

V

vasopressin
vitamins

Y

yeast peptone dextrose (YPD) broth
