COVID-19 Safety Plan
Learning Spaces
Effective at Step 3 of BC Restart Plan

Note: At the start of Step 4 of the BC Restart Plan, UBC will transition to a communicable disease plan.

Scope
UBC is committed to providing a healthy and safe learning environment. This safety plan details the COVID-19 measures and controls required for all UBC Vancouver learning spaces (classrooms and teaching labs). This plan is in alignment with Step 3 of BC’s Restart Plan and the criteria outlined by Public Health. Beyond COVID-19, this plan includes strategies to prevent the spread of communicable diseases on campus.

Rationale
The University of British Columbia envisions a climate in which students, faculty and staff are provided with the best possible conditions for learning, researching and working. Above and beyond immunizations, infectious contacts throughout the post-secondary environment can be reduced using the prevention and control measures outlined in this plan.

Engagement and Review
COVID-19 Safety Plans have been developed in collaboration with Public Health, the Ministry of Advanced Education and WorkSafeBC.

This plan has been reviewed by UBC Vancouver’s Joint Occupational Health and Safety Committees. Feedback and suggestions have been incorporated into the plan.

Regulatory Context
BC Restart Plan
Provincial Health Office Orders
Post-Secondary Go-Forward Guidelines
WorkSafeBC

Responsibility
We can all contribute personally to the pandemic response and safety of our communities by getting vaccinated (as we are able), following campus safety plans, performing a daily health check, staying home when sick, following handwashing and hygiene etiquette and following public health orders and guidelines both on and off campus.

It is up to each one of us to do our part, but it is our collective efforts that will make the difference.

UBC COVID-19 Rules

COVID-19 Campus Safety rules apply to all persons on campus. These rules confirm expectations of all members of the campus community, including:

- Completing Daily Health Assessments - required of everyone prior to attending campus
- COVID-19 training - UBC Go Forward COVID-19 Safety Planning Training required of employees
- Wearing non-medical masks - non-medical masks are required when inside buildings in areas where services to the public are provided or areas that the public or students are permitted to access including, for example, lobbies, hallways, stairwells, elevators, classrooms and teaching laboratories unless:
  1. you are the sole occupant of an enclosed room; or
  2. one of the exceptions outlined in Attachment “A” of the COVID-19 Campus Rules apply;
- Following direction of Public Health - as it relates to PHO Orders, contact tracing and isolation requirements

For further information and complete list of rules, visit COVID-19 Campus Rules. Frequently asked questions about COVID-19 protocols at UBC can be found here.

Infection Control in Common Learning Spaces

Although the expected occupancy of learning spaces is consistent with pre-COVID-19 levels, there are several controls that are being applied within these spaces in order to reduce the risk of COVID-19 transmission.

Cleaning and Hygiene

UBC Building Operations will provide cleaning once a day that will include sanitizing high touch surfaces (door handles, table tops, hand rails). For further information, visit UBC Building Operations.

Respiratory Etiquette and Hand Hygiene

Occupants are expected to practice respiratory etiquette by coughing/sneezing into their mask, a tissue or into the sleeve of their shirt. Occupants are also expected to regularly wash their hands with soap and warm water for at least 20 seconds or make use of hand sanitizer stations. Hand sanitizer stations managed by Building Operations are available in the main building entrance/foyer. Everyone is encouraged to carry their own hand sanitizer.

Signage

All occupants are required to follow signage in learning spaces.

Managing Contacts and Limiting Close Interactions

Throughout campus, students, faculty and staff are encouraged to limit the number of close sustained contacts with others, which includes avoiding situations where individuals congregate in shared areas. Occupants are expected to not linger, wait or loiter in hallways, corridors, foyers and other spaces that

Last edited: August 27, 2021
are intended for travel.

Class Change
Students are expected to promptly exit the room upon the completion of their class. Students waiting for their class to commence should ensure the room has been fully vacated by the previous class before entering the room.

Seating
Students are encouraged to return to the same seating area during classes to support Public Health contact tracing efforts.

Additional Resources and Support
To support and enhance the health and wellbeing of all students, UBC offers a variety of health resources available to the campus community. Visit the Students Services website for further information.

To support and enhance the health and wellbeing of all faculty and staff, UBC offers a variety of health resources available to the campus community. Visit UBC Human Resources for further information.

Communication Strategy
This Safety Plan will be posted on Safety & Risk Services’ website, the Learning Spaces website and the UBC Safe Vancouver App.

Monitoring and Continual Improvement
Building administrators, Joint Occupational Health and Safety Committees and Local Safety Teams are encouraged to monitor learning spaces and report unresolved concerns to ready.ubc@ubc.ca.

Every effort is to be taken by all students, faculty and staff to promote an understanding of PHO Orders, COVID-19 Campus Rules and COVID-19 Safety Plans within the campus community. A respectful and educational approach is expected for all related interactions. Where faculty or staff are not comfortable addressing non-compliant behavior or feel that related interactions cannot be performed in a respectful manner, matters should be referred to their supervisor. For further information and strategies, review the Respectful Engagement guidance document.

Safety Concerns
Any concerns or questions can be sent to ready.ubc@ubc.ca.
