

UBC Safety Planning Framework

Do your part:

- Get vaccinated
- Stay home if feeling ill
- Treat others with respect
- Wash hands regularly
- Complete daily health self-assessment
- Practice respiratory etiquette
- Follow the campus and residence rules
- Follow Public Health recommendations for when to wear a mask

BC Restart Step	Planning based on B.C.'s Restart Plan & Public Health advice	Safety Plan in Use	UBC-wide Safety Plans							Events & Sector-Specific Activities	
			Learning Spaces	Study Spaces	Office & Administrative Areas	Laboratories and Workshops	Field Activities	Common Areas and Public Realm	Housing and Student Residences Plan	Units that rely on sector-specific advice	Events & Gatherings
Step 2 <i>Earliest Date ~June 15th</i> Provincial Dependencies: <ul style="list-style-type: none"> • Community transmission and hospitalizations both decreasing • Dose 1: 65% (already achieved) 	<ul style="list-style-type: none"> • Masks required in indoor, common spaces¹ • Physical distancing required, reduced occupancy limits in place • Daily self-assessment • All organized gatherings will need to meet the requirements of the PHO at the time of the event 	<ul style="list-style-type: none"> • Continue to use existing, approved COVID-19 Safety Plans • Work groups entering the workplace for the first time can consult SRS (UBC-V) or HSE (UBC-O) for assistance 	<ul style="list-style-type: none"> • Course delivery predominantly online • On-campus learning in place with approved COVID-19 safety plans 	<ul style="list-style-type: none"> • Individuals may be required to book study spaces • Occupancy limits in place 	<ul style="list-style-type: none"> • Faculty and staff required on campus may return • Small, in-person, physically distanced meetings • Break areas and lunchrooms remain at reduced occupancy • All kitchen facilities available 	<ul style="list-style-type: none"> • Faculty and staff required on campus may return • Small, in-person, physically distanced meetings • Break areas and lunchrooms remain at reduced occupancy • All kitchen facilities available 	<ul style="list-style-type: none"> • Approved COVID-19 Safety plan required in addition to Field Safety Plan • Follow mask directives based on destination • Follow public health advice for carpooling or transit • Continue to follow the UBC field research approval processes (ethics, department head approval) 	<ul style="list-style-type: none"> • Buildings will remain locked/closed to the public • Shared amenities (water fountains) can be made available • Occupancy limits still in place • Restricted campus seating 	<ul style="list-style-type: none"> • Occupancy limits still in place • Guests/indoor visitors allowed as prescribed by PHO • Barriers used in service and front desk areas 	<ul style="list-style-type: none"> • Unit-level safety plans require continual review and modification • Controls for sector-specific areas will be prescribed by PHOs/WorkSafeBC, e.g. hospitality, fitness centers, child care. • Summer camps can run with approved COVID-19 Safety Plans 	<ul style="list-style-type: none"> • Event-specific safety plan required • Personal gatherings permitted outdoors: gatherings up to 50 people • Liquor service – midnight • Organized indoor seated gatherings, up to 50 people with COVID-19 Safety Plan in place
Step 3 <i>Earliest Date ~July 1st</i> Provincial Dependencies: <ul style="list-style-type: none"> • Community transmission low and hospitalizations decreasing • Dose 1: 70% (already achieved) 	<ul style="list-style-type: none"> • Masks recommended for those 12 and older that are not fully vaccinated in indoor, common spaces¹ • Transition to full occupancy • Increased social contact • Daily self-assessment • All organized gatherings will need to meet the requirements of the PHO at the time of the event 	<ul style="list-style-type: none"> • University-wide safety plans in effect • Previous COVID-19 Safety Plans archived • SRS (UBC-V) & HSE (UBC-O) to begin work to adapt COVID-19 plans into communicable disease safety plans 	<ul style="list-style-type: none"> • Course delivery predominantly online • Those who support teaching & learning continue transition back to campus 	<ul style="list-style-type: none"> • Careful social contact • Campus spaces opening as required 	<ul style="list-style-type: none"> • Continued return to the workplace • Seminars and bigger meetings allowed 	<ul style="list-style-type: none"> • Continued return to the workplace • Seminars and bigger meetings allowed 	<ul style="list-style-type: none"> • University-wide COVID-19 Safety plan attached to Field Safety Plan • Follow mask directives based on destination • Follow public health advice for carpooling or transit 	<ul style="list-style-type: none"> • Buildings can be opened during business hours, where no security risk exists • Washrooms and elevators return to normal occupancy • More seating available 	<ul style="list-style-type: none"> • Guests/indoor visitors allowed as prescribed by PHO • Leisure spaces return to capacity • Increased social contact 	<ul style="list-style-type: none"> • Use applicable UBC-wide safety plan, any additional controls will be prescribed by PHOs/WorkSafeBC, e.g. hospitality, fitness centers, child care. • Summer camps continue with approved COVID-19 Safety Plans 	<ul style="list-style-type: none"> • Event-specific safety plan required • Personal gatherings return to normal • Increased capacity at both indoor and outdoor organized gatherings with a COVID-19 Safety Plan in place • No group limit for indoor and outdoor dining • Liquor service restrictions lifted
Step 4 <i>Earliest Date ~September 7th</i> Provincial Dependencies: <ul style="list-style-type: none"> • Community transmission and hospitalizations both low • Dose 1: >70% (already achieved) 	<ul style="list-style-type: none"> • Wearing a mask indoors is a personal choice • Campus returns to full occupancy • Normal social contact • Daily self-assessment • All organized gatherings will need to meet the requirements of the PHO at the time of the event 	<ul style="list-style-type: none"> • Continual review of university-wide safety plans, against current operational needs and PHO guidance. 	<ul style="list-style-type: none"> • Course delivery in person • Return to on-campus activities/classes • Fully occupied learning spaces • In-person exams 	<ul style="list-style-type: none"> • Study spaces fully opened 	<ul style="list-style-type: none"> • Fully re-opened offices and workplaces. • UBC remote work for approved positions is anticipated for those employees who have an agreement in place 	<ul style="list-style-type: none"> • Fully re-opened laboratories and workshops. • UBC remote work for approved positions is anticipated for those employees who have an agreement in place 	<ul style="list-style-type: none"> • Field Safety Plans required • Follow mask directives based on destination • Continue to follow the UBC field research approval processes (ethics, department head approval) 	<ul style="list-style-type: none"> • Buildings fully re-opened during business hours 	<ul style="list-style-type: none"> • Guests/indoor visitors allowed as prescribed by PHO • Meal and dining halls returned to normal operations 	<ul style="list-style-type: none"> • Controls for sector-specific areas will be prescribed by PHOs/WorkSafeBC, e.g. hospitality, fitness centers, child care. 	<ul style="list-style-type: none"> • Event-specific safety plan required • Increased capacity on large organized gatherings (e.g. concerts)

¹ See SRS FAQs for more information on what is classified as an indoor, common space
