COVID-19 Campus Rules

The health and safety of the UBC community is our first priority, and we continue to monitor COVID-19 and follow effective safety practices. These COVID-19 Campus Rules reflect the recommendations in Step 3 of the Province of British Columbia’s Restart Plan as modified by recent orders of the Provincial Health Officer, including special provisions for the Interior Health region which includes the UBC Okanagan campus.

To ensure persons in all workspaces and other UBC property remain as safe as possible, it is required that all persons follow these COVID-19 Campus Rules as well as any other rules required of them by UBC. These rules may be supplemented by more detailed UBC rules or safety protocols governing specific locations or activities. If there is any conflict between these COVID-19 Campus Rules and more detailed UBC rules – the more detailed rules will govern. Administrative units of UBC (which includes academic and research units) must not impose COVID-19 requirements that are more stringent than these COVID-19 Campus Rules without first consulting with UBC Safety and Risk Services (Vancouver) or Campus Operations & Risk Management (Okanagan). These COVID-19 Campus Rules may be amended from time to time.

These COVID-19 Campus Rules govern UBC’s campuses and all other locations under UBC’s control (“UBC Premises”) and apply to all activities that take place on UBC Premises and all persons on UBC Premises. For greater certainty, UBC Premises do not include land leased to third parties (for example private residences, third-party commercial spaces).

These rules do not govern student residents while they are in student residences operated by Student Housing and Community Services in Vancouver and Student Housing and Hospitality Services in the Okanagan (UBC Student Housing). Separate rules will apply to these students while they are in residence. These rules do apply to student residents when they are elsewhere on UBC Premises. The student housing rules for the Okanagan campus are here https://okanagan.housing.ubc.ca/covid-19-residence-rules/, and for the Vancouver campus are here https://vancouver.housing.ubc.ca/residence-life/health-safety/covid-19/.

Daily Self-Assessment

1. All students, faculty, staff, and others must assess themselves daily for COVID-19 symptoms prior to engaging in in-person UBC activities on UBC Premises. A list of COVID-19 symptoms can be found here http://www.bccdc.ca/health-info/diseases-conditions/covid-19/about-covid-19/symptoms. It is recommended that the online https://bc.thrive.health/ tool be used for self-assessment.

Anyone who is ill or believes they have COVID-19 symptoms or exposure to SARS-CoV-2 must complete the BC self-assessment tool at https://bc.thrive.health/ or through the BC COVID-19 Support App for their iOS or Android device and follow the instructions provided.

If the self-assessment tool recommends that a person get tested for COVID-19 or self-isolate, they must do so. If required to get COVID-19 testing they should not return to UBC Premises until they have received the test results and followed any self-isolating recommendations. At the commencement of self-isolation:

   i. Faculty and staff of UBC whose duties require them to attend in person on UBC Premises must report that they are unable to do so to their supervisor or manager. Their supervisor or manager will advise them of their options.
ii. Students who live in UBC Student Housing must ensure they are familiar with and comply with the rules applicable to their residence area.

iii. Contractors, volunteers or others with business on UBC Premises should advise their UBC contact person that they are unable to attend. The UBC contact person will advise them of their options.

2. Anyone with a positive COVID-19 diagnosis may only return to UBC Premises if they have sought the advice of public health authorities and have been instructed by public health authorities that it is safe for them to return to public settings. For additional information please see http://www.bccdc.ca/health-info/diseases-conditions/covid-19/self-isolation.

3. Anyone who has had close contact with a confirmed COVID-19 positive person (see: http://www.bccdc.ca/health-info/diseases-conditions/covid-19/self-isolation/close-contacts) and has been instructed by public health authorities to self-isolate, may only return to UBC Premises after self-isolating for a period of time as instructed by public health authorities. For additional information including what constitutes close contact please see http://www.bccdc.ca/health-info/diseases-conditions/covid-19/self-isolation/close-contacts.
